

**“BUILDING A
BETTER PLANET
FOR THE NEXT
GENERATION”**

LENGTH & WIDTH THICKNESS

4FT X 8FT	6MM
4FT X 8FT	9MM
4FT X 8FT	12MM
4FT X 8FT	18/19MM

**“TURNING WASTE BOTTLES
INTO LASTING FOUNDATION”**

UV PROTECTED

UV-PROOF | EXCELLENT HARDNESS

DURABLE

CyclePlast is highly durable, making it ideal for construction—especially in the tropics—where it withstands outdoor exposure without losing its properties.

LONG LASTING

100% MADE IN

THE PHILIPPINES

Proudly made in the Philippines, minimizing transport impact while addressing local plastic waste where it's needed most

STRUCTURAL

ROT-PROOF | TERMITE FREE

LOW MAINTENANCE

We harness the best traits of plastic—not for single use, but for durable, low-maintenance projects. Our products resist rot, splinters, and termites

TERMITE PROOF

100% MADE OF

PLASTIC WASTE

Our boards are made entirely from recycled plastic and are fully recyclable—ready to be reused in our process again if needed

WATERPROOF
